**NEW EARLY WARNING SMOKE  
 AND FIRE ALARM GUARDS HOME  
 WHILE FAMILY SAFELY SLEEPS**

New, low-priced Sens-Alarm smoke detector and fire alarm detects the smoke as well as the heat of the fire—and rouses sleepers at the first sign of abnormal amounts of smoke in the room. The majority of fire victims lose their lives because the smoke from the fire and from other deadly gases, poison or asphyxiate them. Sens-Alarm has a sensitive electronic control which automatically triggers a rousing warning alarm when smoke appears—before it has the chance to spread. Thus, it warns far earlier than fire alarms alone. Its heat sensor alarms when the temperature reaches  $130^{\circ}\text{F} \pm 5^{\circ}$ .

Designed for both home and commercial pro-

tection, businessmen can strategically locate a number of units at less than the cost of installing and maintaining a complex system. Also, Sens-Alarm prevents costly smoke damage to property and inventory.

Accelerated testing has proven Sens-Alarm's durability and dependability. Units contain high reliability, solid state, basic circuitry and are housed in attractive, beige plastic cases. Overall dimensions are  $4\frac{1}{2}$ " high x  $7\frac{1}{2}$ " wide x 2" thick. They will provide years of maintenance-free service, and carry a full year warranty. Relay contacts are hermetically sealed for long life and protection against corrosion.

Sens-Alarm operates 24 hours daily for less than a penny. Simply plug into any AC wall outlet. Safeguard precious lives and valuable possessions for less than a penny a day!

### ELIMINATE ROOF DAMAGE CAUSED BY ICE WITH REMARKABLE ELECTRIC ROOF DE-ICER

Ice on your roof deteriorates and damages your property. Downspout freezing halts the running off of melted snow. Gutters clogged with ice cause water to back up under roof shingles causing damage inside and out. And icicle formations are hazards to gutters and side walls. Roof De-icer is easily installed in gutters and downspouts. Its electric heating cable—available in 5 lengths—provides the proper amount of heat to form a channel for the continuous running off of melted snow. Roof De-icer is inexpensive to use and will not mar or discolor your roof. Use on 120 VAC. All cables have a 6' cold lead and plug. 3¼' of cable for each running foot of roof is recommended for melting roof and gutter.

### ENJOY SPRING FRESH WATER FROM YOUR OWN KITCHEN TAP

Remember how fresh spring water tastes? Your city water may be safe to drink but is it good to drink? Most water contains chlorine, sometimes sulphur or a host of other things and simply doesn't have the clean, clear, pure taste that you and your family deserve.

Whatever the cause you can cure it fast with a P-50 taste and odor filter made by the world famous AMF Co. This small (13 inch) home water filter is installed in 30 minutes on your cold water line right under your kitchen sink. Your drinking and cooking water flows through this cylinder of activated carbon at the rate of 1/2 to 1 1/2 gal. per minute and comes out smelling and tasting like fresh spring water. The filter removes rust particles, dirt, algae, "microscopic worms," contaminating gases such as hydrogen sulphide. It removes rotten egg smell, chlorine taste and smell, and other bad tastes and odors. The low cost replaceable cartridge is changed two or three times per year depending on water condition.

### CARRY YOUR OWN TOOL POWER SUPPLY

Just clip this "Power Pack" to your belt and you can operate 12-volt tools anywhere. Now you don't have to be limited by the length of a cord or by the availability of electrical power. This new concept makes possible full 12-volt battery-powered tools equal in power and performance to power tools that operate on ordinary house current. The lightweight pack clips to your belt and is rechargeable hundreds of times. And . . . Also also offers a selection of 12-volt tools that can be used with your new "Power Pack" . . . (or you can use your own 12-volt tools). With the hedge trimmer accessory you can cut 1800 sq. ft. of hedge on a single Power Pack-battery charge; has extra-long 14-11/16" blade. The Shrub and Grass Shears trim, edge grass and shape shrubs. Ideal for yards and grounds where conventional tools would be too far from a power supply.

### NO BOTTLE OR JAR STOPS THE GILHOLLIE

Say goodbye to the frustration of jars and bottles that just won't budge. Gilhoulie will pry off any container top or lid—and without any effort. Adjusts to fit any size container . . . even re-seals beverage caps airtight. Get Gilhoulie and you'll never again strain and get annoyed when you come up against a jar that just won't open. No. R2C—The Amazing Gilhoulie. . . ppd. \$2.95

### JUST SQUEEZE -- AND YOU'RE RIVETING!

Yes, you're making permanent lasting repairs at a fraction of what you'd expect to pay. The Rivet-All Riveter is a simple, easy-to-use hand riveter that resembles a pair of pliers. Used with KLIK rivets, it gives fast, low-cost, permanent and professional quality joints. Fastens virtually any two materials together. Simply insert the rivet into a pre-drilled hole, place the tool over the rivet mandrel and squeeze the handle. The rivet is clinched and the mandrel broken off, leaving a tight, vibration-proof joint. Kit includes riveter and rivets.

### PRESENT YOUR NAME ATTRACTIVELY WITH A HANDSOME DAY-N-NIGHT MARKER

Make it easy for the mailman, delivery man, doctors and friends to find their way. A DAY-N-NIGHT marker adds attractive good taste to your home and clearly identifies it—Day or Night. The raised letters, permanently embossed on the background plate, are treated with the same material that makes highway signs shine in your headlights. They're easily readable—even in soft moonlight and all markers are two-sided with raised letters on both sides. Rustproof aluminum is used throughout with a baked enamel black background. Nameplates are 2½" x 18" and will accommodate any 17 numerals and letters; number plates are 2½" x 7" and will accommodate up to 6 letters or numbers.
